

PRCO304: Projects proposed by staff

Details of these will be posted on the SPMS in due course. If you are interested in undertaking one of these, then please contact the member of staff concerned to see if the project is still available: if it is then

1. Write a proposal (you may wish to flesh out some of the provided details), and check that it is OK with the member of staff concerned: Forward their agreement on to me (c.johnson@plymouth.ac.uk) *before* you submit to the SPMS.
2. Make sure that your proposal *starts* by clearly identifying the title of the relevant staff proposed project, and that you have the staff member's agreement.

Please note that *PRCO304 is to be an individual project:*

- group projects are not allowed
- multiple students are not allowed to work on the same project
- projects that are dependent upon the work of other students are not allowed
